

crane interiors

February 2008

'Established in 1991, Crane Interiors is a successful and dynamic fitting out Company with considerable experience in the hotel, leisure and restaurant sector.

The fundamental ethos of Crane is that we consider every client and every project to have their own unique requirements and because of this we continue to set industry benchmarks in client relationships and standards of quality.

These high standards are what we have come to expect, and indeed receive from our insurers, Safeguard Insurance.'
